HOMEAGAIN MICROCHIP SYSTEM

- One third of all pets, including “indoor-only” cats and dogs, will become lost during their lifetime.
- Every year, more than 10 million pets become lost!
- Unfortunately, without effective identification, 90% won’t return home again.
- Getting lost is the number 1 cause of pet death.
- A microchip is a “**Lifetime Identification**” that can ensure a pet’s protection and safety if ever lost.
- Microchipping is a quick and painless procedure, somewhat similar to administering your pets’ vaccinations.
- **HomeAgain premium membership*** offers additional valuable benefits such as:
 - Proactive pet recovery
 - FREE access to 24/7 Emergency Medical Care Hotline (normally \$60 per call)
 - Complementary Lost Pet Medical Insurance (must call to activate). Up to \$3000/year, minus a \$50 deductible per incident.
- For just \$49.00 we can microchip your pet today and enroll it in the HomeAgain Recovery Service.
- This special price includes the microchip, the injection process, microchip registration, and one year complimentary upgrade to the **HomeAgain premium* services**.

At Evergreen Animal Hospital, we strongly believe in microchipping as a standard of care for all our feline and canine patients.

- Yes.** Please protect my pet today with a microchip, registration (**includes registration fee**) and lifetime enrollment in the HomeAgain data base. Also include complimentary first year upgrade to the **premium HomeAgain service, all for \$49.00.** (This is an \$86.00 value)
- No,** I understand that a microchip can help protect my pet, but I do not wish to microchip my pet today.
- My pet has been microchipped previously, but I have not yet registered and would like to register my pet today for **\$17.99.**

The above highlighted procedure is recommended by Dr. Hornback and will be conducted at your expense unless you waive this level of care for your pet. Place a line through and initial any procedure that you refuse.

I have read and understand this authorization and consent.
